Co-Responder Program Update

Bruce informs all that they have added one co-responder for York County. Adams County co-responder Mackenzie has received nothing but praises. Very good feedback from work she has been doing. She is covering more than the original 3 departments. Definitely a need for additional co-responder for Adams County. Bruce talks about a call that Mackenzie responded to. Katy asking if there is data available to show where we would need the additional co-responder. Bruce confirms that there is data available for when grants are proposed. Casey explaining the role in detail and what data sheets are used for. Taryn informs all that there are funds for additional staff. Brooke informs everyone that she is no longer assisting with the co-responder program. Casey says they are having difficulties filling the positions for co-responders.

Strategic Planning Update

Warden was on PTO. Neil has yet to send anything out and was not available to attend today's meeting. Katy will wait for next meeting to discuss. Katy reading over CJAB notes and explaining what was discussed. Katy says that there will have to be some in person meeting and that there will have to be County stakeholders in attendance. Committee agrees with in person meetings. Katy suggests 4-month meeting (May) can be at the HSB building or at the jail. Monica will look into available dates and see what will work. Monica informs all that May meeting does fall on Memorial Day.

CIT Discussion

CIT review remains in strategic plan in CJAB. Leadership of CIT is up in the air. Katy asking to look at sustainability of program. Aurora no longer working for county. Currently there is no CIT Coordinator. Katy and Eric agree that this is more than a one-person responsibility. Casey saying, she can assist. Katy asking Eric if he can coordinate a meeting with himself, Brbagallo, and Katy. Katy expressed concern about the leadership. Katy says there is a JAG grant to help with funding. Will get Neil to look into it. Casey and Katy will meet. Katy asking if there is anyone interested in helping with CIT. Brooke says she is interested. Bruce says if we can get a buy in from all Police Chiefs it will help alleviate the responsibility on one person. Casey asking if anyone is interested in being a CIT trainer.

Data Sharing Technology Update

This will be removed from the agenda since not a part of strategic planning. All agree.
