**@Home in Adams County
& Commuter Services of PA**

What is it?

Walk Bike Bus Gettysburg is an active transportation campaign for the Gettysburg area; to encourage residents and commuters to get out and explore downtown. @Home in Adams County along with Commuter Services of PA have partnered to provide transportation-related resources to motivate individuals to increase their walking, biking and bus trips. During the month-long campaign participants will be able to access Commute PA (Commuter Services of PA's rideshare and rewards program) in order to track all of their green trips. There will be prizes for those who track and live updates of participation.

When is it?

The campaign will be during the month of September 2023.

What is the goal?

To show residents and visitors how easy it is to walk, bike and ride the bus downtown. There will be an emphasis on bike/pedestrian safety. The campaign will showcase amenities such as local trails and rabbittransit. We hope to see an increase in ridership/usage as a result of the campaign. Commuter Services will be collecting data on trips tracked, calories burned, CO2 emissions reduced, and total participants.
