Project Update, Project complete. Inspection staff is finalizing costs for Plum Creek bridge repair work and closing out project.

Carlisle Road Bridge 4

ECMS #, 87433

SR-Sect, 34-046

Contractor, JVI Group Inc.

Original Contract Value, \$793,381.14

NTP date, 4/28/2025

Original Completion Date, 11/6/2026

Project Scope, This project consists of the replacement of a box culvert along SR 0034-046, including minor approach work, guide rail updates, and other miscellaneous construction, all as indicated on the approved drawings included in the Bid Package for State Route 0034, Section 046, in Adams County, Menallen Township.

Project Update, Contract work is complete. Several concerns were received about the height of the new guide rail wrapping around Cline's Church Road. Prime Contractor is coordinating with Subcontractor to make some guide rail adjustments and improve sight distance. Completion expected by Fall 2026.

SR 3011 Cashtown Rd Resurface

ECMS #, 113258

US 15 Paving

ECMS #, 122312

SR-Sect, 15-061

Contractor, JVI Group, Inc.

Original Contract Value, \$2,279,314.48

NTP date, 1/12/2026

Original Completion Date, 8/28/2026

Project Scope , The project consists of resurfacing US 15 Southbound from approximately 1300' south of the PA-234 interchange to approximately 2000' south of the York Springs interchange (PA 94). Work also includes various milling, potential accelerated concrete patching, WMA overlay, signing & pavement marking replacement, and other miscellaneous construction, all as indicated on the approved drawings included in the Bid Package for State Route 0015, Section 061, in Adams County, Tyrone & Huntington Townships.

Project Update, Some minor punchlist work items remain but majority of physical work is complete. Additional funds were used to remove existing asphalt overlay full width down to underlying concrete. Full and partial depth concrete patching performed. Asphalt paving fabric placed full width over entire length of project then overlaid with binder and wearing courses. Emergency turn-around installed north of Wiermans Mill overpass. Project added approximately \$3 million for the additional asphalt, concrete, paving fabric and emergency turnaround work. Exact overrun amount to be determined upon completion of all final work orders. Contractor used one extra month to complete the added work.

MPMS 58137 (Eisenhower Drive Extension)

- We are still continuing working on developing plans for the projects, acquiring the necessary ROW, coordinating with the affected utilities, and hope to submit the permit soon.
- This project consists of extending Eisenhower Drive with a new limited access roadway through Conewago Township, Adams County, from where it currently ends at High Street to Hanover Road (SR 0116) west of McSherrystown. These changes aim to address the falling level of service (LOS), as well as improve safety within the study area. Estimated Let Date is 12/16/2027

MPMS 90698 (Hunterstown Hampton Rd ov Conewago Cr)

- The project is on schedule for a 1/28/2027 let with an advertisement for bids in mid to late December. The GP-11 waterway permit is approved, and PennDOT is working through the right-of-way acquisition process. We also should have utility clearance soon with Brightspeed relocating a few poles. As long as beam fabrication goes as scheduled, the project will be built during the summer and fall of 2027 and open to traffic in November 2027. Some cleanup work might be required in spring of 2028 depending on the weather in November next year, but either way, the detour is expected to be lifted before winter.
- This project may consist of a bridge rehabilitation on PA 394 over Conewago Creek in Straban Township and Reading Township, Adams County. Estimated let date is 1/28/2027.

MPMS 113255 (SR 2008 Elm Ave Resurface)

- Let date will most likely be moving further out due to circumstances below.
 - The resurfacing project is currently scheduled for a 01/01/2028 Let date. Utility clearance was obtained 10/09/26.
 - As part of the resurfacing project; Conewago Township Municipal Authority (CTMA) had requested incorporation of their sewer replacement. This project initially intended on replacing some drainage which necessitated watermain relocations to facilitate the drainage replacement. With the additional incorporated utility work; the project was brought to district PMC in April which determined Adams County did not have the funds to proceed with the project. The proposed drainage was removed from the resurfacing project eliminating the watermain relocation. We had asked CTMA if they were willing to perform the work themselves instead of incorporating their sewer replacement and was informed that CTMA still would like to proceed with their sewer replacement project. CTMA is anticipating completing their sewer replacement project ahead of the resurfacing project around the winter 2026/2027. County Maintenance intends on replacing the drainage with department forces sometime early 2027/winter. There is currently a gas replacement project which is currently under construction.
- This project may consist of resurfacing on SR 2008 from PA 116 to the Hanover Borough line in Conewago Township, Adams County. Estimated let date is 1/1/2028.

MPMS 18086 (Country Club Road Bridge)

- We have received environmental clearance, and I am reviewing the designer's cost estimate for Final Design.
- This project may consist of a bridge improvement (replacement, rehabilitation or preservation) on Country Club Road over Tributary of Beaver Creek in Abbottstown Borough, Adams County. Estimated let date is 2/3/2028.
